

Final Product (links) – DSJI

Willem van Dort (1128263)

Since the final product I developed for the course Diversity, Social Justice and Inclusion is playable on the streaming service YouTube and exists out of several videos, it is hard to submit these videos on Teams and ELO. It should also be noted that it is easier to play the game on YouTube as this platform can easily guide the player through the whole game. Therefore, it is way easier for both the players and the developer of the game to share the links of the videos in this document. A playlist was also created on YouTube, so that it is easy for the peers and lecturers who grade the product to see all the videos at once. The link of the playlist will also be shared in this document.

After you start the game by clicking on the first link (Introduction video), a link in each video can be found that guides you easily to the next situation of the game. This will also be shown during the videos. By using these links, players can stay on the platform YouTube during the game.

Video 1: DSJI Interactive Game – Introduction (<https://youtu.be/DMgulzeTolA>)

Video 2: DSJI Interactive Game - Situation 1: Personal Importance Satire (<https://youtu.be/TjQ182YOo4A>)
