

Course summary	
Short title: EN-IN-CCCO.XX.12 (ECTS) Credits: 2 Target audience: full time	
Title	Career Coach Counselling
Learning competences	Competent in steering your own study and career
Learning outcomes	In this module, through students' own personal development plan in which they will improve their own professional skills, students will develop themselves professionally.
Course content	<p>In this module students will reflect on personal qualities (strengths and weaknesses) as a teacher and look at ways in which they use these professionally. They will also learn to reflect on personal values, motives and ambitions. In this module the student will also be introduced to the Dutch school system to work on these professional goals.</p> <p>You can consider this course as a tool to help you in the development of your personality and the profession you intend to pursue. In this you should be aware of;</p> <ul style="list-style-type: none"> • why you do certain things (motivational reflection) • the things you are good at / less good at (quality reflection) • everything involved in a career as a teacher (exploration of the work field) <p>The aim of the course is based on your personal development in your chosen subject, with all the experience, development and personality you have acquired so far in life. This is different for everyone, which means we all have our own starting point, course and personal goals to work on.</p>
