## **PROJECT DELIVERABLES**

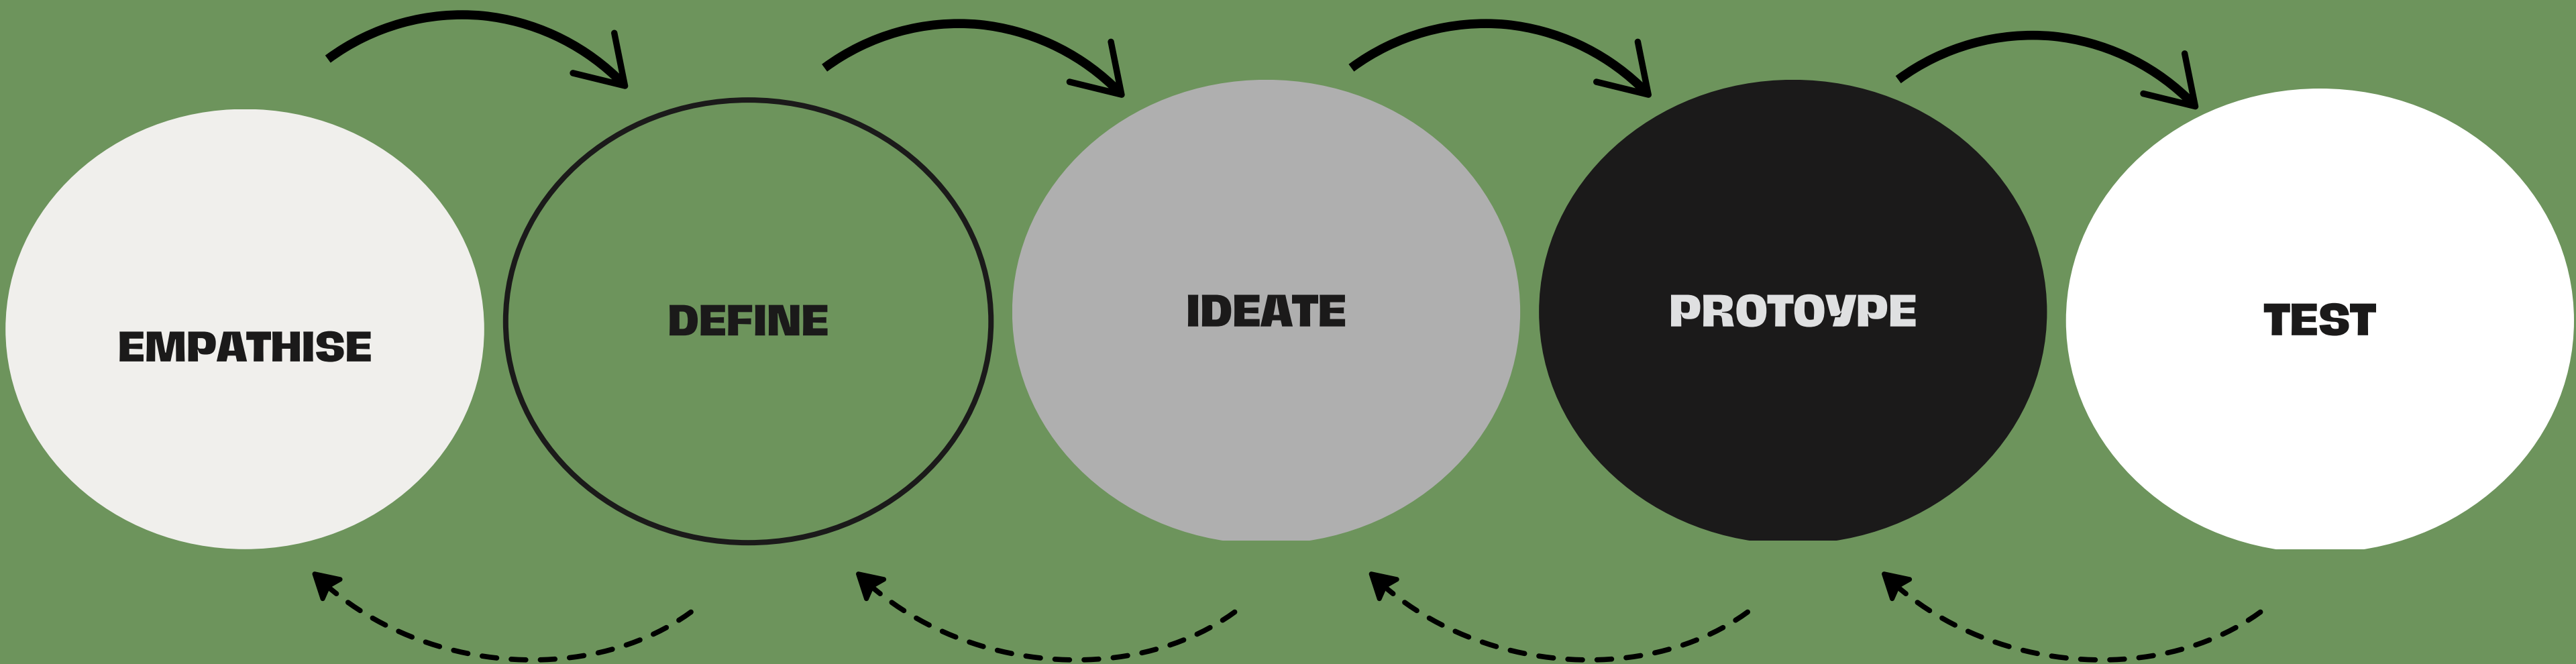

- 1) Vision & Mission Statement
- 2) Co-creation sessions
- 3) Improved Global Citizenship Module
- 4) Planning of future steps

## Vision

To empower students to become well-rounded individuals who are conscious of the environment, think globally and act locally, embrace cultural diversity, and strive to make a positive impact on society.

## Mission

Our mission is to provide a holistic education that nurtures the intellectual, emotional, social, and physical growth of our students. We value cultural diversity, environmental responsibility, and community engagement. Our curriculum fosters critical thinking, creativity, and global awareness. Through our collaborative modules, we inspire our students to be lifelong learners and responsible citizens who contribute to a better world.

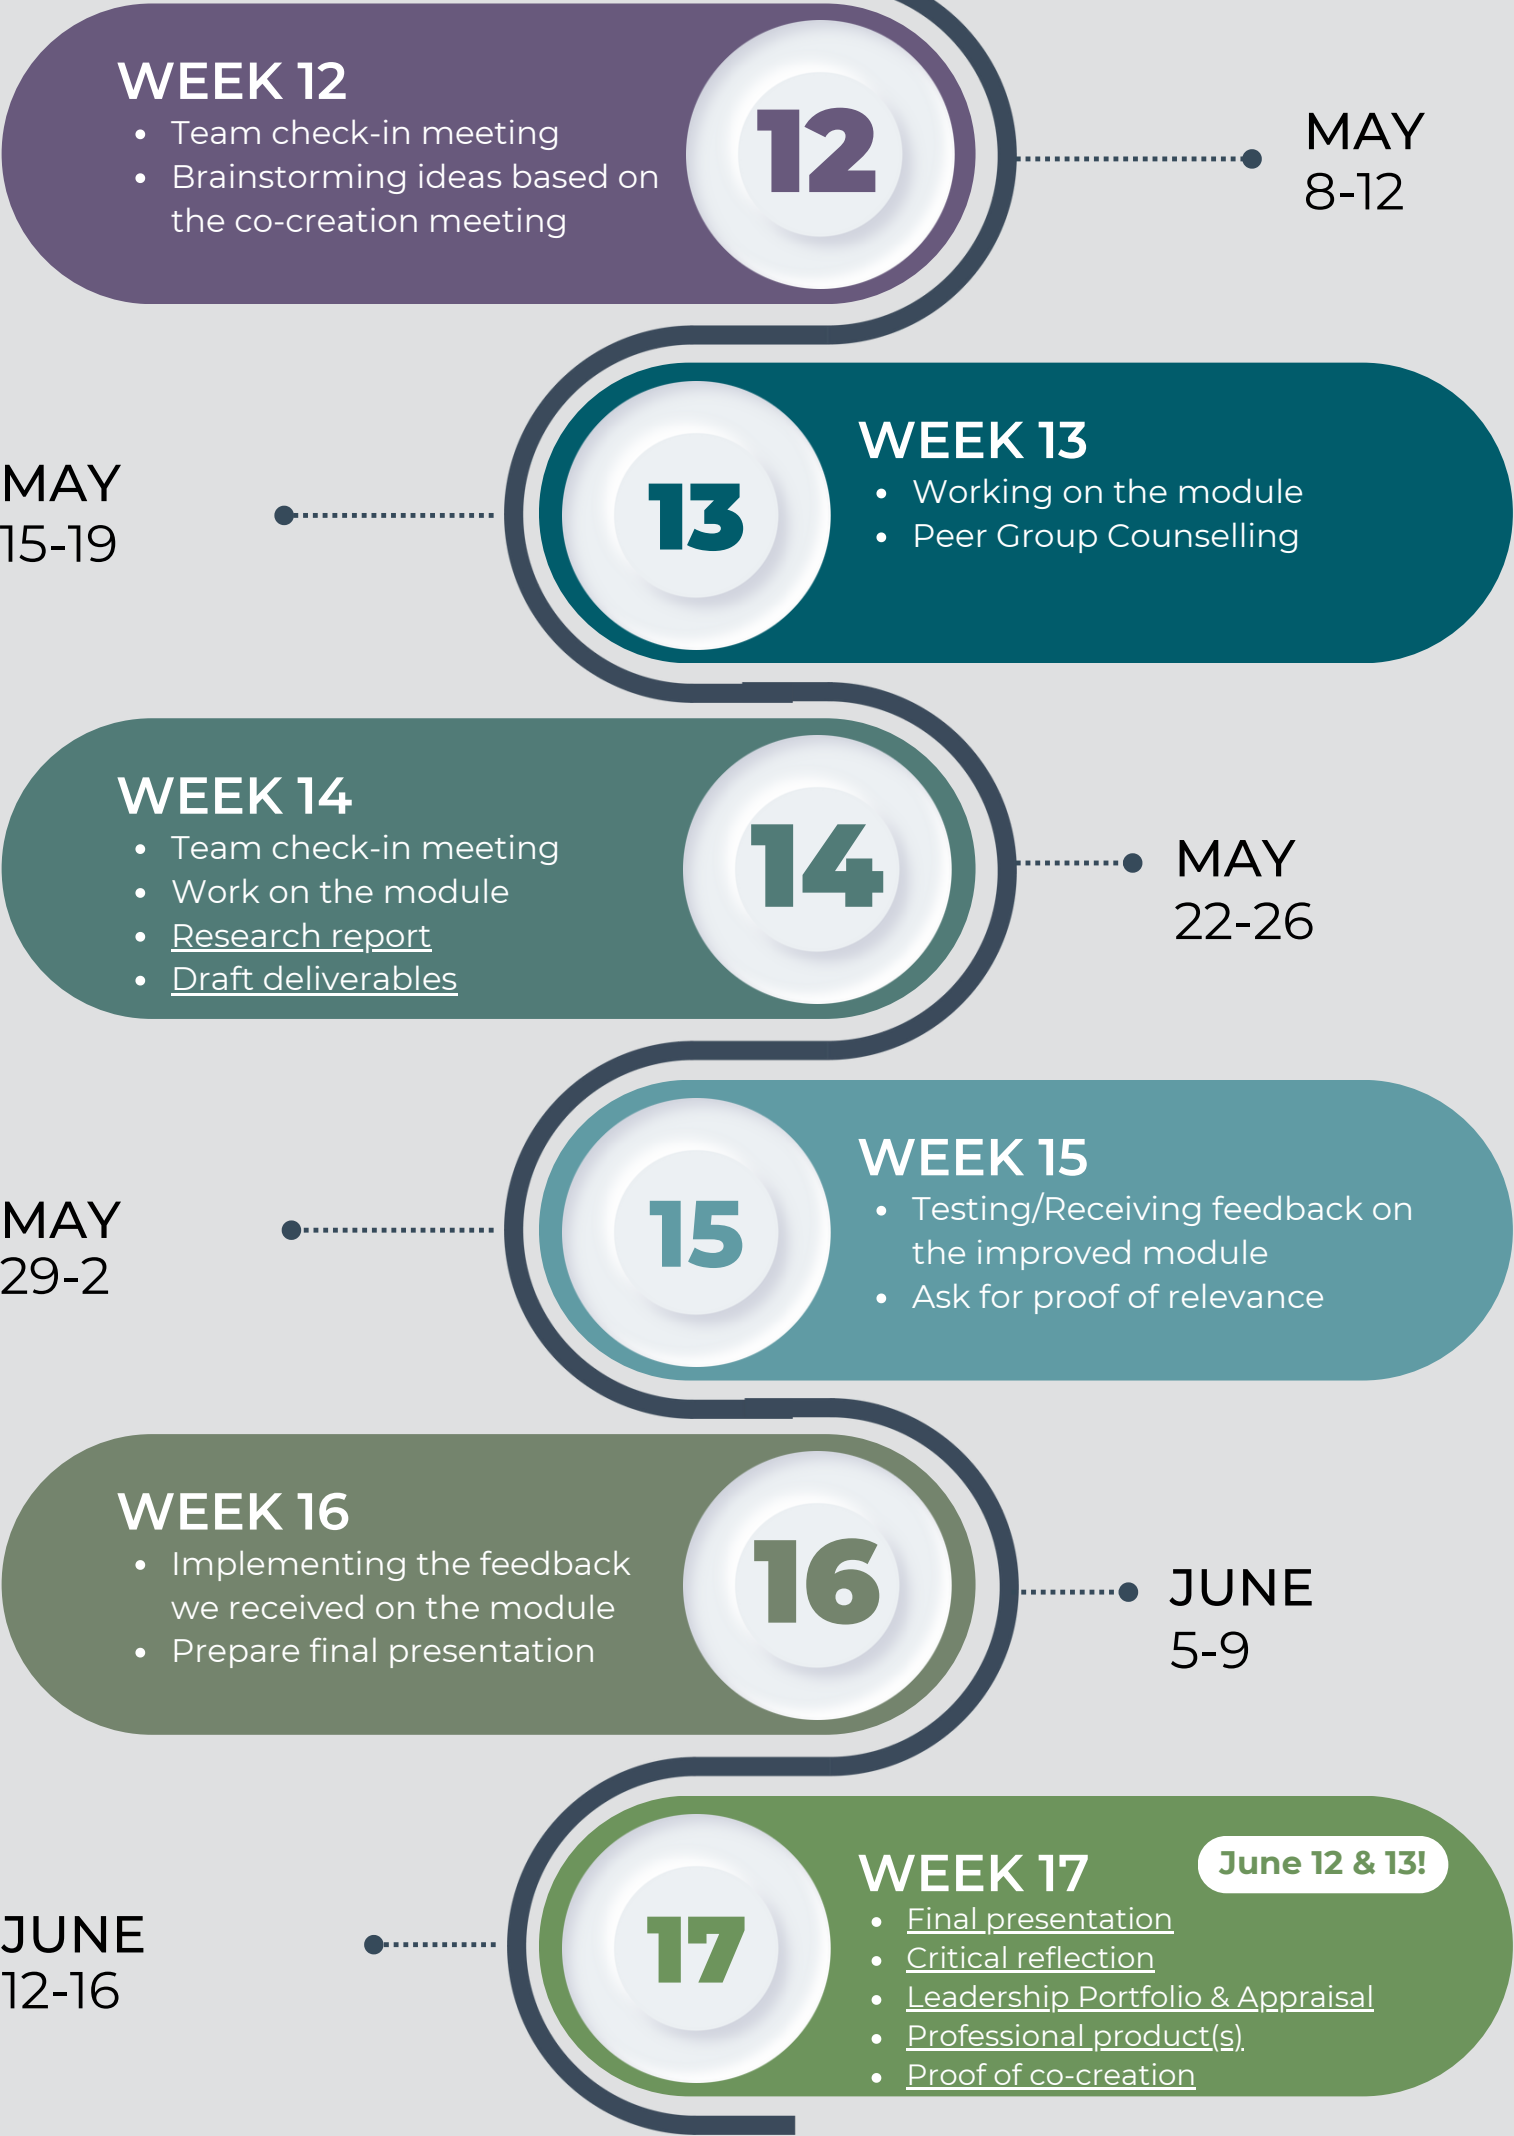

# Plannning

## Period 2

# Project Deliverables

## 01 CO-CREATION

Sense-making of SILC from all sides.  
Better understanding leading to input  
and buy-in of stakeholders.

## 02 USER STORIES

Defining the problems that the different  
stakeholders are facing. What can we do  
with the project to solve.

## 03 END-PRODUCT (?)

Ideate Phase of Design Thinking. Staying  
open for ideas. Possibly something that  
can be with June 13.

- **INCREASED BUY-IN**

Active involvement in the co-creation process leads to more investment in outcomes and solutions developed

---

- **IDENTIFY KNOWLEGE GAP**

Co-creation sessions will reveal the knowledge gap that exists between the different stakeholders and can then be used to bring everyone together

- **COMMUNICATION,  
UNDERSTANDING**

Forum for stakeholders to exchange ideas, which can help to build understanding and empathy among participants and lead to more effective collaboration.

---

- **CREATIVE IDEAS**

Stakeholders encouraged to think outside the box and generate innovative solutions to complex problems. By bringing together diverse perspectives creative relevant, and effective solutions are developed.
